Introduction

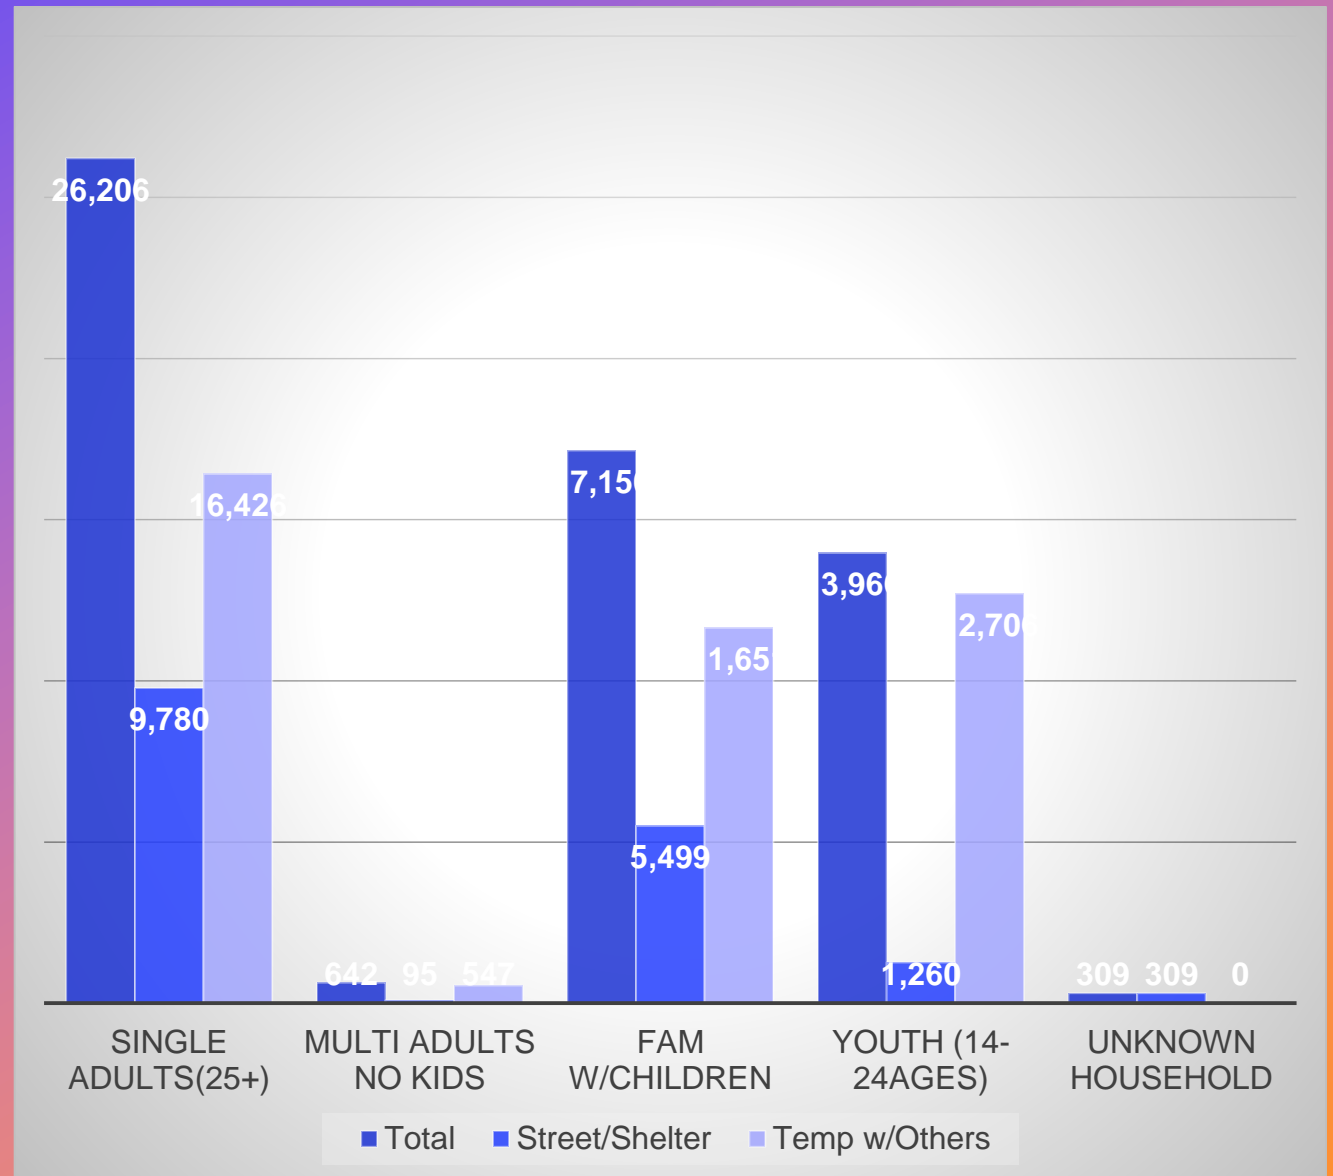

I would like to change the perspective of homelessness. I believe that no one deserves to be homeless regardless of mistakes that they have made. I would love for my organization to start in Chicago but eventually spread across the US.

3 Existing Organizations

Chicago Coalition for the Homeless

- Mission: “We organize and advocate to prevent and end homelessness, because we believe housing is a human right in a just society.”

Mercy Housing

- Core Values: “Our Core Values of respect, justice, and mercy are the foundation of our work. They are more than words on a poster or a website. What these values mean is that we take concrete and deliberate action to listen and act in ways that will foster respect, justice, and mercy for all of us.”

The Salvation Army

- Motivation: “At its heart, The Salvation Army is a church. This foundation is what motivates us to do the work that we do. We love God and serve others because of His love for all. That’s where our mission comes from – to preach the gospel of Jesus Christ and to meet needs in His name without discrimination. Because, we want others to come to know God’s love too. These are our marching orders.”

Summary

I want everyone to live their life to the fullest and if that means giving someone a second chance at life then I will do that. I will provide housing, food, therapy, job opportunities, financial literacy and most of LOVE!
