

Tiny Homes Community

A Community for Mothers

Why Tiny Homes? Why Single Mothers?

I come from a single mom household & that even included a few Foster home stints , living with relatives and living in a shelter. I am a single mother & have seen the same cycle repeat itself for generations.

I've long been fascinated with Real Estate investment. Every person deserves clean, affordable housing. That is not the case.

My Non profit idea would combine an exciting trend with a needed resource!

Single Mothers

Single mothers are one of the most disadvantaged groups in the United States.

Nearly 30% of their families live under the poverty line, according to the US Census, as compared with 62% of families with married parents.

Poverty and Single Mothers

The poverty rate single mothers in 2020 was 23.4% , nearly 5 times more than the 4.7% of married couples.

Single mothers are more likely to be in poverty than single mothers.

Tiny Homes

Tiny Homes are less expensive than regular sized homes.

Tiny Homes are easier to maintain, Eco friendly, lower energy needed, and fast and efficient to build.

Nonprofit Tiny Homes for Mothers

Board Members

President Karla Rowe

Vice Chair Tabatha Taggert

Secretary Toni Watson

Treasurer Myranda Mack

In conclusion:

I'd like to offer resources at every Tiny Home Community regarding resources, job training, education, on site Child development , survival training, self defense and safety, onsite farming and solar panels.

This is just the beginning of my project but I'm excited to share a real life passion and project I will see through to completion and help as many single parents, minority mothers and children as possible!
